

Collaborating Artist Program (\$2,200 – \$4,200)

Schools who would like to explore the process of working through the arts to increase student success are invited to apply for the **Collaborating Artist Program**. The Program is designed to support schools by offering an innovative way to address a unique challenge identified by each school.

- ❖ The program provides an intensive arts integration experience for a small target group of students and teachers. The Council is committed to provide:
 - Trained teaching artists
 - On-going Council support
 - A program handbook
 - Fully paid artist fees

- ❖ School should be willing to commit:
 1. Finances:
 - Schools pay substitutes to cover teachers' classes for one full day of planning.
 - Schools secure materials and supplies
 - Schools provide travel and accommodations

 2. Personnel:
 - A group of 4-6 teachers (in a common grade level or subject area)
 - Program coordinator – one school staff person

 3. Time:

School chooses 3 or 4 weeks of daily instruction.
Included is a community sharing event and a full faculty in-service provided by the artist.

For more information consult the [CAP Handbook](#) and contact Diana F. Green at diana.green@arts.alabama.gov
