ABOUT THE
Alabama State Council on the Arts

MISSION STATEMENT
The Mission of the Alabama State Council on the Arts is to enhance the quality of life and economic vitality for all Alabamians by providing support for the state’s diverse and rich artistic resources.

THE AGENCY
The Alabama State Council on the Arts is the official state agency for the support and development of the arts in Alabama. It was established in 1966 by an act of the Alabama Legislature. The agency supports not-for-profit arts organizations, schools, colleges, units of local government, non-profit organizations, programming in the arts for the general public, and individual artists.

The State Arts Council works to expand the state’s cultural resources and preserve its unique cultural heritage and places a high priority on arts programming by and for schools. The Council’s primary means of supporting the arts and making the arts more accessible to varied audiences is through a multi-faceted grants program which covers all disciplines and fields of creative expression.

THE COUNCIL
The Council is a body of fifteen members appointed by the Governor for six-year terms to help promote the arts statewide. A primary responsibility of the Council is to make decisions on grants awarded to support art programs and arts education throughout the state.

Members come from diverse areas of the state and backgrounds, ranging from arts educators, to professional artists, to community arts volunteers. The Council meets quarterly and in addition to allocating grant funds, it engages in long-range planning and develops strategies for expanding public support for the arts.

GOALS OF THE COUNCIL
The goals enumerated below have been adopted by the Alabama State Council on the Arts as priorities for the allocation of state and federal dollars. While a specific application may not address all of the goals, arts organizations, schools and other eligible institutions applying for grants should be aware that requests consistent with one or more of these priorities will be given elevated consideration for maximum support. All of the stated goals represent a desire of the Council to address specific needs and take advantage of opportunities to enhance the quality of life in Alabama through the arts.

1. **Excellence and Professionalism** - Support excellence and professionalism in all art forms
2. **Arts Education** - Incorporate the arts as an essential element in the educational experience of all Alabamians
3. **Access** - Provide opportunities for all Alabamians to participate in and appreciate the arts
4. **Folk Traditions** - Identify, preserve and present folk traditions
5. **Multi-Cultural** - Support multi-cultural artistic expression
6. **Economic Vitality** - Support economic vitality in communities through the arts
7. **Marketing and Public Recognition** - Increase public recognition and appreciation for the arts, arts organizations and individual artists

Guidelines, application and eligibility requirements are explained in detail in the following pages.

The Alabama State Council on the Arts does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or the provision of services.

FUNDING FOR THE STATE ARTS COUNCIL

The Alabama State Council on the Arts receives an annual appropriation from the Alabama Legislature and additional funds from the National Endowment for the Arts, a federal agency. Since 1983, the Council has also administered the Arts Development Fund, made up of contributions by Alabama citizens from annual state income tax refunds.

Ways You Can Help Increase Arts Funding

Contributions received from the “Support the Arts” auto tags provide funding for performing arts, visual arts, literary arts, arts education and folk arts. The $50 registration fee is tax deductible.

Contributions from the Alabama Income Tax check-off provide for arts in the schools, with touring programs, literary programs, exhibitions, performances, festivals, community design, folk culture and more.

Because every child deserves to learn and grow through the arts.
General Information

BEFORE SUBMITTING AN APPLICATION

Before you submit an application for funding to the Alabama State Council on the Arts, please read all sections of these Guidelines. More detailed information on program components, eligibility requirements and general evaluation criteria can be found at www.arts.alabama.gov. We strongly encourage all applicants to discuss grant requests with the appropriate program manager before completing the online application. Contact information for Program Managers can be found on page 26.

ELIGIBILITY REQUIREMENTS

An organization is eligible to apply for funding support of arts activities taking place in Alabama if the organization is legally domiciled in Alabama and meets either of the following qualifications:

• The organization is non-profit with a determination letter from the Internal Revenue Service declaring the organization exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.
• The organization is a public or private educational institution (such as an elementary or secondary school), a school board, a local or county government agency or a college or university. Private educational institutions must be non-profit and meet the tax-exempt requirements described above.

An Individual artist is eligible to apply for an artist fellowship if he/she is a legal resident of Alabama and has lived in the state two years prior to the application deadline date. Additionally, applicants must be willing to maintain Alabama residency during the grant award year (October 1 - September 30). Please refer to the text beginning on page 23.

EXCEPTIONS

Colleges and universities are eligible only for activities that clearly serve the needs of the general public and communities. Indirect costs involving the administration of the institution cannot be included. Activities producing academic credit (except internships) or those oriented primarily to students and the academic community are not eligible.

Private non-profit organizations which are requesting funds directly from the legislature for arts programming for the coming year are not eligible to apply under any program in these guidelines.

In instances where an organization receives other state money for any purpose covered by the support programs in these guidelines - whether directly from the legislature or through another fiscal agent - the Council will consider such state support when evaluating applications and awarding grants.

FUNDING RESTRICTIONS

The Alabama State Council on the Arts does not fund:

• Projects not available to the general public
• Activities and performances planned solely for fundraising purposes
• Food, beverages or other refreshments
• Interest on loans, fines, penalties, and/or litigation costs
• Expenses incurred prior to October 1 or after September 30 of the current grant year
• Investments of any kind
• Church projects which have sectarian or faith-based objectives; however, non-profit religious groups may apply for community arts activities and programming where artistic expressions are the primary focus
• Indirect costs

HOW TO APPLY

All applications, with the exception of Folk Life Apprenticeships and Technical Assistance requests, must be submitted electronically via eGRANT. Access to the eGRANT system is available at https://alabamaarts.egrant.net. Submission of the electronic form is the first part of a two-part application process. The second part is the mailing of the certification page with original signatures and the required supplemental materials. After submitting the electronic form, mail the certification/signature page with original signatures and the required supplemental materials. This material is due in the Council’s office within three days after the electronic application is submitted. Please use the following address: 201 Monroe Street, Suite 110, Montgomery, AL 36104-3721.

Grantsmanship is a major factor in a favorable review of proposals. While an application might be technically eligible, budget errors, unaddressed evaluation criteria, non-descriptive narratives, or a failure to itemize expenses and income, etc. may result in a negative evaluation and NO funding.
GENERAL EVALUATION CRITERIA

All sections and fields of the application must be completed with required attachments before submitting. It is recommended that you do not delay in preparing or submitting your application. The eGrant system will open two months prior to the deadline. You may enter the system, set up your application file and work on it as needed during that two-month period. **Please remember that the eGrant system will close promptly at 5:00 p.m. on the application deadline date.** Grants should be submitted by 4:45 p.m. to ensure transmission by 5:00 p.m.

**GENERAL EVALUATION CRITERIA**

Grant applications will be evaluated according to the extent in which relevant criteria are addressed in the project. A brief description of how applicable criteria are addressed in the proposed activities should be included. This information must be entered under the Project Narrative Tab within the eGRANT form.

1. Evidence of **artistic excellence** and the ability to provide quality experiences for audiences/participants
2. The extent to which **educational benefits** will be realized
3. The evidence of **broad-based community support, planning, participation and collaboration**
4. The potential for **long-term impact** within a school, school system, a community and/or the state in general
5. The extent to which **professional artists** are utilized and benefit
6. The potential for preserving and sharing **Alabama’s living cultural heritage**
7. The degree to which **cultural diversity** and multi-cultural **artistic expression** are recognized, showcased and celebrated
8. The ability to make programs **accessible to audiences** with **specific disabilities and limitations**
9. The degree to which grant support can lead to **partnerships** that target needs, opportunities, and shared goals of a statewide and/or community nature
10. Evidence of an **appropriate venue** for the activity
11. The **qualifications of the personnel** involved in the planning and implementation of the activity

Additionally, grant applications will be evaluated on how well the activities/project described in the application address the Council’s priorities for funding (see goals of the Council on page 2). Applicants are encouraged to select one to three of the goals listed and describe in the Project Description section under the Project Narrative tab how these goals are addressed in the activities/project. Please be aware that requests consistent with one to three of these goals will be given consideration for maximum support.

*We will not be able to submit our online application by the deadline. Can we submit it late?*

No. Council's policy doesn’t permit us to accept late applications. It is recommended that you **do not delay** in preparing or submitting your application. The eGrant system will be open two months prior to the deadline date. You may enter the system, set up your application file and work on it as needed during that two-month period. Please remember that the eGrant system will close promptly at 5:00 p.m. on the deadline date. **Your application MUST be submitted by 4:45 p.m. to ensure it is transmitted before 5 P.M.**

*Can we make changes to our application after we click the submit button?*

*When I print out a copy of my application, the attachments are not included. What happened?*

The attachments are uploaded to the eform. When you print a copy of the PDF, the attachments will not be there. You will need to print a copy of the attachments from where you have stored them on your computer to have a completed application for your files. Please note that you should print and mail the completed signature page **within 3 days of application submission.**

*How do I know which grant to apply for?*

We strongly encourage applicants to contact the Council office and communicate with a program manager. Visit www.arts.alabama.gov. A staff directory is found on page 26.

Staff will be glad to assist you in developing your application and answer any questions you may have. It is advisable to communicate with a staff member well before the deadline date. In the days preceding a deadline, there are usually a lot of applicants seeking assistance and it may be difficult to reach a program manager on short notice.

*What is the grant period?*

The grant period runs from October 1 to September 30. All grant activities must fall within this time frame. The only exception to this rule is grants to K-12 schools. In these cases, the grant period is from August 1 to September 30.

*Is there a match requirement?*

Yes. With the exception of Artist Fellowships, Folk Arts Apprenticeships and AIE Enhancement Grant,** requests to the Council must be matched dollar-for-dollar in cash or a combination of cash and in-kind support. Presenting grants must be matched dollar-for-dollar in cash. In order to count as matching funds, cash or in-kind contributions must be used to accomplish the programming objectives outlined in the application during the specified grant period. In-kind contributions may include donated services, space, or materials essential to the completion of the arts project. If you have questions, please contact a program manager.

**Some schools applying for AIE Enhancement Grants may be eligible to use a reduced match amount. Contact the AIE Program Manager for more information.

*When are the signature/certification page and other supporting documents due?*

The signature/certification page and other supporting documents must be received in the Council office **within three days** after you submit the electronic application. Please remember to open and print the signature/certification page before clicking the submit button.

*How long does it take between applying for the grant and receiving a decision?*

Applications go through an extensive review process. It takes approximately **three months** between the time an application is received by the Council and the time the applicant is notified of final action.

*Should I come to the grants public hearing? Will it help my grant application?*

It is a good opportunity to meet the Council’s Grants Review Committee and to give them an update on your project as well as answer any questions they might have. There have been cases where an applicant provided additional information which clarified panel concerns and resulted in funding. There are
other examples where an unclear or confusing presentation resulted in reduced funding.

If you plan to attend, you must make an appointment once you receive your invitation letter. You should prepare your presentation ahead of time and keep it within the allocated 5-minute time frame. Be certain that the presenter is familiar with both the application and the proposed project. Use the opportunity to give the Council an overview of your organization and the ways in which this project will benefit your organization and community.

The public hearings are intended for organizations and not individual artists seeking Fellowships or organizations seeking Operating Support. Fellowship grants for individual artists/administrators are based on samples of work and the panel review process.

How soon after the decision will we receive our grant check?

Award letters and contracts are usually issued within two weeks after the full Council approves grants recommended by the Grants Review Committee. Your award letter will tell you the grant amount and when you should expect the contract agreement. Operating Support grants are paid quarterly. Other grants are paid 50% in advance and 50% when you file your final report. Grant payments are generally released based on the project’s starting date which you provided in your application.

We have lost our contract agreement. What do we do?

Remember that contracts become void if not signed and returned within 30 days from the date of issuance. If your contract is lost, contact the grants office and request that a new contract be issued. In general, you should sign and return your contract as soon as you receive it. It is also important to be sure that we have your correct mailing address, phone number and email.
What do I need to do to receive the second portion of my grant?

Most grants are paid 50% in advance with the final 50% paid when we receive and review your final report with the exception of Operating Support grants. Final reports are submitted through the eGrant system. Follow the same log on instructions as you did when you submitted the grant application.

Final reports are due **within 30 days** after the funded project is completed, but no later than **October 10**. It is important to remember that a substantial delay in filing your final report or in discussing your problem with a program manager or the grants office can result in a **loss of the balance of your grant funds**. It is also important to remember that your organization is not eligible for any additional funding from the Council if you have outstanding final reports. **Delinquent reports must be filed before any future grants can be processed.**

What do I do when I need help?

Contact the Council’s office at 334-242-4076. The staff will be glad to assist you and to answer any questions you may have.
Arts in Education

This program seeks to incorporate the arts as an essential component of the educational experience of all students in preschool through 12th grade. Opportunities are offered through grants, initiatives, professional development, statewide convening and consulting services. The program enjoys a strong and unique partnership with the Alabama State Department of Education, the Alabama Alliance for Arts Education and the Alabama Institute for Education in the Arts.

Through the grant components of this program, funding is available for projects that take place in schools as part of the regular curriculum and advance the role of the arts as essential to student learning. Projects tied to curriculum may include classes, workshops, consultants, guest artists, performances, exhibits, professional development, residencies and activities designed to increase the quality of arts in our schools. Smaller grants are provided for arts exposure and arts enrichment activities, such as performances, field trips, or professional development workshops.

Deadline: June 1 and September 1

Curriculum-Based Project Grants ($1,000-$10,000)

This AIE Program component provides support for specific projects that advance the goal of the arts as an essential component of PreK-12 curriculum. Projects must seek to establish, expand or advance arts education as defined by the Alabama State Department of Education in Alabama Course of Study: Arts Education.

AIE Enhancement Grants ($1,000-$3,000)

This AIE Program component provides small grants for schools and/or organizations engaging in arts exposure and arts enrichment activities, such as performances, fieldtrips, or professional development workshops.

WHAT WE FUND

Under the Curriculum-Based Project component, projects may include classes, workshops, consultants, guest artists, performances, exhibits, professional development, residencies and activities designed to advance the quality of arts curriculum in PreK-12 schools. Grant funds must be used for projects that promote learning in and through the arts, including comprehensive sequential arts instruction and/or arts integration. Grant funds may be used for consumable materials only if they relate to the implementation of a specific project. Funds may not be requested for administration, materials or supplies not specific to the proposed project. Applicants may receive funding for the same project no more than three times within a five-year period.

Under the AIE Enhancement component, funds may be used for transportation, tickets, presenter fees, workshop fees, and other direct costs related to the enhancement activities. Support may also be requested for emerging projects that are not yet fully developed into curriculum-based activities. Emerging projects will be eligible for no more than two years of funding under this program.

CRITERIA FOR FUNDING

Proposals submitted to the Curriculum-Based Project component will be judged according to educational benefits, opportunities for outreach and evaluation, and quality of the planning process. Please refer to Evidence of Excellence for Curriculum-Based Project Grants. This information is located on the Arts in Education page on the Council’s website at www.arts.alabama.gov. Applicants are required to submit supporting documentation, including a complete and detailed schedule of planned activities, artist/group contracts or letters of intent, artist resumes, and samples of curriculum materials that illustrate the use of arts content standards within objectives and assessment of learning outcomes. All AIE Curriculum-Based Project applicants must complete the Additional Narrative for Arts Education Applicants at the bottom of the Project Narrative Tab of the eGrant.

In the AIE Enhancement component, it is not necessary to complete the Additional Narrative for Arts Education Applicants at the bottom of the Project Narrative Tab of the eGrant, or to submit curriculum materials with enhancement grant applications. Presenters should include contracts or letters of intent from performing groups. Proposals will be evaluated according to:

1. Opportunities for Quality Engagement in the Arts
2. Feasibility of Implementation
3. Description of Specific Need

AIE Enhancement grants must be matched dollar-for-dollar in cash. Requests must be made between $1000 and $3,000. Council funds may not be used for meals. Schools with over 40% students living under the poverty level may request enhancement grants with reduced or no matching requirement. Please contact the AIE Program Manager if you have questions. Organizations partnering with schools are not eligible for a reduced matching requirement.

Examples of these might be developing a plan for an arts district in a community, a business and marketing workshop for artists, or funding for a position. Several project categories may be funded through the Community Arts Program.

PROGRAM GRANT COMPONENTS
FOR ORGANIZATIONS

OPERATING SUPPORT
Deadline: June 1

Established Local Arts Councils and Arts Centers with a successful track record of diverse programs and services in the community and region may qualify for Operating Support. Successful applicants will have support and cooperation from local governmental entities. New applicant organizations must submit a letter of intent to apply one year prior to submitting an Operating Support application. Operating Support organizations may not submit additional applications but may act as a fiscal agent for another organization. To be eligible for Operating Support, an organization must meet all these requirements:

- They must be incorporated and recognized as having non-profit tax exempt status by the Internal Revenue Service for at least three years prior to application, or have been an agency of a city or county government for that length of time
- Must have an actual three-year average cash income of at least $600,000
- Must have a full-time administrative staff responsible for the overall functions of the organization
- Must have an annual audit conducted by an independent Certified Public Accountant

PROJECT GRANTS
Deadline: June 1 and September 1

This is the most wide-ranging category of project funding. An applicant may submit no more than two applications per deadline. Eligible projects may involve multidisciplinary activities including:

- Festivals
- Performance series
- Arts instruction for children or adults
- Participatory arts activities such as community theater production or a community chorus
- Activities such as community planning, design projects, or other activities aimed at expanding or improving access to the arts

Funding amounts: $1,000 - $10,000

CONSOLIDATED PROJECTS
Deadline: June 1 and September 1

An organization may request funding for several distinct, but related projects consolidated into a single application. For example, an organization might request funding for an after-school arts program and a community festival that features student work done in the program.

If a Consolidated Project application is submitted, only one additional application may be submitted in the same fiscal year. There is no limit on how much may be requested. However, grant awards rarely exceed $20,000.

Funding amounts: $1,000 - $20,000

ADMINISTRATIVE PROJECTS
Deadline: June 1 and September 1

Organizations may request administrative support to add a full or part-time staff person. A successful application will demonstrate that adding or retaining the position will lead to organizational growth and enhancement of program quality.

Funding amounts: $1,000 - $10,000

MATCH REQUIREMENTS

All these projects require a dollar-for-dollar match that may be a combination of cash and in-kind services, in most cases.

PRESENTING GRANTS
Deadline: June 1 and September 1

These are applications to present a performing artist or group in a community setting. Presenting grants pay half the artists’ fee and must be matched entirely with cash. Applications presenting more than one performer or group in a grant period may combine those requests in a consolidated application, but the request is still for half of each performer’s fee. Performers must be based outside the county where the applicant is located. Signed contracts from each performer to be presented must be included with the application.
When costs are offset through grants from other public funding sources, such as South Arts, the total combined funding from the State Arts Council and the other grants may not exceed 50 percent of the total cost of the presentation, including marketing, space rental and other miscellaneous costs.

There is no limit on how much may be requested. However, grant awards rarely exceed $10,000. No more than four (4) applications per fiscal year will be funded. In order to be eligible, applications must be accompanied by a contract or letter of engagement from the performer, signed by both parties, which verifies the date and artistic fee.

Funding amounts: Request must be half the performing artist's fee and must be matched with cash.

**TECHNICAL ASSISTANCE GRANTS**

**Deadlines: Call for Availability**

Organizations and individual artists may receive funding for special, one-time needs such as purchasing materials for a small-scale project, attending a conference, or bringing in a consultant. Requests must not relate to any program or project already funded or applied for in another component and must not be eligible and appropriate for funding under any other component. These grant awards generally do not exceed $1,000; the minimum award is $250. A match will strengthen the application, but is not required. In communities without a local arts agency, a city, county or other appropriate tax exempt group is eligible to apply for start-up costs not to exceed $2,500 for one year only. Contact program manager if you are interested in applying for Technical Assistance.

**PROGRAM COMPONENTS - INDIVIDUAL ARTISTS**

**DESIGN FELLOWSHIPS**

ARTS & CULTURAL FACILITIES

This grant program assists arts organizations in building or renovating facilities and spaces used for arts activities. Requests can be submitted for feasibility studies, use plans, needs assessment and other contracted work related to the intended operations for:

- an arts facility or space
- design work related to a specific facility or arts space
- construction costs related to a new facility
- renovation of an older facility and/or major capital outlay improvements to an existing facility

Applications will be considered and grants will be awarded in this program based on the availability of funds as provided by the legislature each year for cultural facilities. Please contact the program manager below for availability.

PROGRAM GRANT COMPONENTS

Deadline: March 1

Planning Grants (up to $20,000) - Requests may be submitted for feasibility studies, use plans, needs assessment and other contracted work related to the intended operations for an arts facility. This phase is generally considered preliminary and necessary for actual design work and construction.

The planning proposed must begin and end within the grant year for which funds are awarded. Requests must include licensed professionals with demonstrated expertise in urban and/or community planning, architecture, landscape design or historic preservation. Community and broad-based constituent involvement in the planning process is encouraged and expected.

Design Grants (up to $50,000) - Requests for design work related to a specific facility or an arts space will be considered for support. Proposed work in this phase must produce a tangible design in the form of blueprints, renderings, schematics or other documents necessary for construction, renovation, installation or adaptive reuse of the facility or space in question. There should be evidence of community support for this phase of work. Qualified and certified architects and design professionals must be selected and involved as a part of the application process. A design document will be expected at the end of the grant period. Submission of design work will be required before final grant funds are released.

Construction (up to $100,000) - Construction costs related to a new facility, renovation of an older facility and/or major capital outlay improvements to an existing facility (sound, lighting, climate control, seating, performance or exhibition space, etc.) may be requested. Request for capital outlay must be part of a facility construction project and not a stand-alone component. The design phase must be completed and submitted as part of this request. Total project costs and timeline projections for the completion of work must also be submitted. Facilities or spaces for which funds are requested must be used primarily for artistic purposes and activities involving one or more arts disciplines as encompassed in the performing, visual or literary arts.

CRITERIA FOR FUNDING

- Potential impact of the project to community
- Qualifications of the professional team involved with the project
- Strength of community support and grant match
- The artistic merit and integrity of the project/facility in question

GOAL: To identify, preserve, and present Alabama folk arts and traditions.

PROGRAM COMPONENTS

PRESENTING GRANTS

Deadline: June 1 and September 1

Grants are available to eligible organizations to cover the cost of booking folk artists for performances, demonstrations or packaged folk arts exhibitions. A number of Alabama traditional artists are available for touring and presenting. Please contact the Folklife Program Manager for suggestions.

These grants must be matched dollar-for-dollar in cash. When costs are offset through grants from other public funding sources, such as SouthArts, the total combined funding from the State Arts Council and the other grants may not exceed 50 percent of the total cost of the presentation, including marketing, space rental and other miscellaneous costs.

There is no limit on how much may be requested. However, grant awards rarely exceed $10,000. No more than four (4) applications per fiscal year will be funded. In order to be eligible, applications must be accompanied by a contract or letter of engagement from the performer, signed by both parties, which verifies the date and artistic fee.

**Deadline: September 1**

Folk Arts Apprenticeship grants are given to master folk artists for teaching their art form to an apprentice. Prospective students who have entered into an agreement with a master folk artist may also apply for an Apprenticeship grant.

Apprenticeships are one of the primary “preservation” tools of the Alabama Folklife Program. They are designed to ensure the transmission of a diversity of folk skills from Sacred Harp singing to pottery making, using the traditional master-apprentice system. Awards will not exceed $3,500. Individuals should apply by using the Folk Arts Apprenticeship Application Form available at: http://arts.alabama.gov/programs/folk_life/folkart.aspx

**COLLABORATIVE VENTURES**

The Alabama Center for Traditional Culture (ACTC) staff works closely with the Alabama Folklife Association in hosting two statewide Sacred Harp singings in Montgomery. The Rotunda Singing, held at the Alabama Department of Archives and History is held each winter and the Capitol City Shape Note Singing is held each July.

The Alabama Arts Radio Series which Steve Grauberger, folklorist for the Council, continues to produce is aired weekly on the Southeastern Public Radio Network. Other public radio stations are also airing the series across the state. You can listen to past programs at: www.alabamaartsradio.com.

The ACTC works with the Alabama Folklife Association and other organizations that share the goal of interpreting and documenting Alabama folk culture. In addition to administering the Council’s Folklife Program grants, ACTC’s efforts include media documentation, conferences, festivals, and publications that benefit artists and contribute to the preservation of Alabama folk life and education about the state’s cultural resources.

One such effort, the Alabama Traditions label, includes documentary recordings produced with the Archive of American Minority Cultures, the University of Alabama; Brierfield and Tannehill State Parks; and the Alabama Folklife Association. Recently, the series *Traditional Musics of Alabama*, produced by the Alabama Center for Traditional Culture and funded by the National Endowment for the Arts, has expanded this label. The journal *Tributaries*, which is a production of ACTC and the Alabama Folklife Association, and these recordings can be found at www.alabamafolklife.org.

The Alabama Community Scholar’s Institute (ACSI) is a training program for people who want to research, document and present various aspects of Alabama’s traditional culture—the music, food, crafts, stories, celebrations, work traditions, etc., of their own communities. The ACSI is produced by the Alabama Folklife Association.

The Center staff works closely with Alabama Public Television in developing, writing, shooting and editing *Journey Proud*, a television series profiling a wide variety of Alabama community traditions. The series premiered on October 20, 2013. The series will be produced for at least three seasons. You can view programs at: journeyproudalabama.com.

The Archive of Alabama Folk Culture (AAFC) was founded in 2006 at the Alabama Department of Archives and History with the cooperation of the Center, and the Alabama Folklife Association (AFA). The Archive houses field documentation generated by the AFA, ACTC, and others.

The economic downturn of late 2008-2009 forced the Center staff to abandon plans to present Alabama as a featured state at the 2010 Smithsonian Folklife Festival. However, the staff, along with AFA, used fieldwork from this effort in the now-dormant journal *Tributaries*, as well as various public presentations. The most recent of these presentations has been the interactive exhibit “Alabama in the Making: Traditional Arts of People and Place” currently touring the state. The exhibit, produced by the AFA with input from ACTC staff, features imbedded iPads where visitors can explore audio and video fieldwork from different regions of Alabama. Another such exhibit entitled “‘We'll All Sing Hallelujah,' Sacred Sounds of Alabama” has recently been produced by the AFA and is now available for touring.

All sections and fields of the application must be completed with required attachments before submitting. It is recommended that you do not delay in preparing or submitting your applications. The eGrant system will open two months prior to the deadline. You may enter the system, set up your application file and work on it as needed during that two-month period. Please remember that the eGrant system will close promptly at 5:00 p.m. on the application deadline date. Grants should be submitted by 4:45 p.m. to ensure transmission by 5:00 p.m.
Submission of the electronic form is the first part of a two-part application process. The certification/signature page and the appropriate samples of work must be submitted by mail. Provide quality samples of your highest caliber work completed within the last five years. Program managers will be glad to advise you about preparing your application and submitting the required samples of work.

TECHNICAL ASSISTANCE
See information under specific programs

Funds may be available to provide artists with up to $1,000 for technical assistance. Applicants have used these grants for marketing, establishing a portfolio, learning tax laws and accounting basics for self-employment, resource development and perfecting a technique or style of work. Funds may be used to attend workshops or seminars, to study under another artist or participate in a special institute for artists. Performing, literary and visual artists are encouraged to apply.

For funding availability at any time throughout the year, please contact the appropriate program manager.

FOLK ARTS APPRENTICESHIPS
See Folklife Program for specifics, page 15

The Alabama Folk Arts Apprenticeship Program offers grants to individuals for teaching the traditional folk arts of Alabama.

The grants can go to master artists to teach their skills to students, or to apprentices who apply to work with a particular teacher. This program has supported teaching in art forms as diverse as Sacred Harp singing, old-time fiddling, blues, traditional dance, folk pottery, oak basketry, willow furniture making, and pine straw basketry.

Apprenticeships are cash awards generally not exceeding $3,500 made to master folk artists who are willing to teach students their craft. Students who have entered into an agreement with a master folk artist may also apply. Apprenticeships are for one year and do not necessarily imply future funding. From one to five apprentices may be included in the application and each apprentice should fill out a separate page for a complete application. Master artists must send samples of work. Continuing students will need to provide work samples as well.

Due to the high number of applicants and the need to bring new artists into this program, it is the general policy of the Council that artists who have received three consecutive years of funding must wait two years before reapplying. Applications for Apprenticeships are submitted by hard copy (not available in eGRANT system). An application form is available at: http://www.arts.alabama.gov/grants/grant_individual.aspx

Contact Anne Kimzey at 334-242-4076, ext. 236, or by email at anne.kimzey@arts.alabama.gov.

Applications are not available on the eGRANT system. For more detailed information, contact the Arts in Education Program Manager. Alabama residency is not required for this program.
